asked to submit, in consultation with the Savy. Comm^r, an estimate with plan for improving the condition of the Building. The President accordingly submitted an estimate for Rs 923/- prepared after consultation with the Health officer, as instructed by the Savy Comm^r, which was sanctioned in the G.O referred to above together with the estimate for supplying water to the slaughter house. Such being the case it is not clear why the Savy Comm^r complains that the estimates should have gone up to Govt through his office.

No the District Savy Board has as yet not been formed in the Nyanza and the President as per Sanitary Comm^r instructions consulted only the Health officer. As both the estimates were below Rs 1,000/- there was no necessity to refer the matter to the Central Sanitary Board under Rule 3 Rule 9 of G.O No 1378-92 & 66.8.07 But the Savy. Com does not admit this.

The Savy Com- letter No 38758 referred to in the present refce & 4.08 requesting that all communications on sanitary matters may be submitted through his office is being separately dealt with. Submitted for orders with draft
